

FST is a single-source provider of  
scalable temperature-controlled  
warehouse and transportation solutions

Get the best location  
for your business

About us

Based in Columbus, Ohio, FST Logistics first opened its doors in 1991. Today, we employ over 400 employee-owners and provide the best temperature-controlled transportation services and warehousing capabilities.

We have over one million square feet of dry, refrigerated and frozen space and specialize in assisting food brands of all sizes. As an employee-owned company, we have a reputation of unsurpassed customer service and a clear knack for communication — our goal is to continue to grow by employing the best minds and talent the industry has to offer.

Our values

- Employee-owned
- Eco-friendly and community centered
- Technologically driven, customized solutions
- Approachable and accessible

We're integrated  
with key online  
commerce networks
