

e-commerce fulfillment

FST Logistics is a full service 3PL offering scalable transportation and warehouse solutions in strategically located Central Ohio.

More and more consumers are purchasing online and your e-commerce demand is evolving.

Statista Digital Marketing Outlook says, by 2023, you can expect e-commerce sales to surpass

\$740 billion

Having an e-commerce distribution plan that meets increased consumer demand is essential to your business.

FST can help you scale up to succeed.

Are you ready for unprecedented growth?

Scalable logistics solutions

FST can help you stay competitive in an ever-changing online marketplace:

- ✓ Same-day pick, pack and ship
- ✓ Temperature-controlled fulfillment
- ✓ Discounted small-package shipping rates
- ✓ Central location reaching 2/3 of the U.S. population with 2-day ground service
- ✓ Real-time inventory reporting
- ✓ Integration with all major e-tailers including Amazon, SPS, Shopify, TrueCommerce and WooCommerce
- ✓ Strategic partnerships with corrugate and shipping providers to reduce waste and lower your costs

Our process

1

Select

Customers place their e-commerce order through your brand's website.

2

Pack

Orders are processed same-day and packed for shipment in our warehouses.

3

Ship

Orders are shipped and delivered directly to the end user using preferred rates with our shipping partners.
